FILM AND OTHER MEDIA IN COMMUNITY DIALOGUE

The Y.M.C.A. Geneva Park Workshop in Film is presenting a conference on the role the media plays in the life of the community. The programme begins on Saturday, October 24, and runs through to Friday, October 30. Films included in the programme are CHICAGO 70, GOIN DOWN THE ROAD, MARRIED COUPLE, MAN FOR ALL SEASONS, REPULSION, WHY MAN CREATES, HIGH SCHOOL.

Some of the topics planned for discussion are: Have the Media Replaced School, Church, Government?; Have the Media Supplanted the Family as Environment?; What is the Measure of Progress?

All in all, the conference appears to be both provocative and entertaining. For further information, or late registration, write or phone Y.M.C.A. Geneva Park Cinema Workshop, 2160 Yonge Street, Toronto 7; (416) 325-2253.
